INTRODUCTION

As a university student deeply passionate about programming, I began self-teaching full-stack development in high school. Through this experience, I honed my ability to design and implement efficient, scalable, and maintainable software systems. Actively engaging with the open-source community, I continuously enhance my skills and champion collaborative development. My fascination with exploring cutting-edge technologies drives my research endeavours. Eager to leverage my technical prowess within a dynamic team, I am committed to advancing my programming expertise and contributing to impactful projects.

EDUCATION

University of Adelaide

Bachelor of Information Technology

Adelaide, SA

Feb. 2024 – Nov. 2026

EXPERIENCE

Open Source Officer

University of Adelaide Computer Science Club

Mar. 2024 – Present

Adelaide, Australia

- Manage and contribute to open-source projects
- Promote open-source culture within the club
